### Liver Transplant Patient Dies in Denver Hospital

DENVER (AP) — The second attempt by a team of Denver surgeons to transplant a liver into a human ended in a second failure Monday night with the death of Joseph Grigsby, 47.

Grigsby, janitor at the Denver County Jail, received the transplant May 5 from a man who died of a brain tumor.

Grigsby contracted pneumonia over the weekend and his condition worsened steadily. However, attending physicians said the exact cause of death would not be known until an autopsy is performed.

Surgeons said Grigsby was in the post-operative period when his body was expected to attempt to reject the foreign organ. Drugs and x-ray therapy had been administered in an attempt to aid his body in accepting the transplanted liver.

The first effort to transplant a liver to a 3-year-old boy failed when he died to a lung infection. Livers have been transplanted successfully in experiments with dogs.

### Cost of Living Unchanged During April

WASHINGTON (AP)—The cost of living remained unchanged during April at its record March level, the Labor Department said to-day.

City officials and 17 Negro leaders who had been invited by May Allen Thompson met Monday to discuss concessions sought by the Negroes.

The consumer price index remained at 106.2 per cent of the average for 1957-58. This was one per cent above the level of April.

The conference apparently produced nothing. Thirteen Negroes now to buy what \$10 would buy a year ago in the average family's. The 13 left abruptly when

## The Need Continues For Your No-Longer Worn Eyeglasses

There remains a continuing need for those old, unused eyeglasses which so many people have lying around the house, and we will continue to collect these items for New Eyes For The Needy. If you have glasses which you no longer wear and would like to help someone somewhere see better, you may bring them to our office. We, in turn, will ship them to New Eyes For The Needy, Inc., in Short Hills, N.J., where they will be redistributed to the needy all over the world.

We take this opportunity to thank all those who have donated eyeglasses to this worthwhile cause. Truly, the response has been heart-warming, and typical of the generosity and compassion of Colorado Springs residents.

It's what's between  
the bumpers  
that counts

Between the bumpers of one line of 1963 cars are engine and power-train combinations precisely suited to your own specific motoring needs. No other cars in America at any price provide such a wide range of power choices.

Between the bumpers of one line of cars are both design and construction which were tested to prove extraordinary endurance at Bonneville. There our Super Lark stood up to the most punishing conditions—and still turned in test speeds of over 130 mph.—demonstrating Studebaker's extra stamina when you drive at turnpike speeds.

Between the bumpers of one line of cars are available the safest brakes in the world—racing-type caliper disc brakes. They don't fade, and when soaking wet they stop your Lark from 40 mph over 40% faster than conventional drum type brakes.

Between the bumpers of one line of cars is tremendous value—starting with the lowest-price V8 on the new car market today!

But what counts most between the bumpers is *you*—your enjoyment, your comfort, your pride and satisfaction in making a much better buy.

The one car that gives you more of everything you want in a car is a new Lark. Come in and see for yourself.

## The Need Continues For Your No-Longer Worn Eyeglasses

There remains a continuing need for those old, unused eyeglasses which so many people have lying around the house, and we will continue to collect these items for New Eyes For The Needy. If you have glasses which you no longer wear and would like to help someone somewhere see better, you may bring them to our office. We, in turn, will ship them to New Eyes For The Needy, Inc., in Short Hills, N.J., where they will be re-distributed to the needy all over the world.

We take this opportunity to thank all those who have donated eyeglasses to this worthwhile cause. Truly, the response has been heart-warming, and typical of the generosity and compassion of Colorado Springs residents.

## Mrs. Esther M. Bostrom Dies at Nursing Home

Mrs. Esther M. Bostrom, widow of Louis B. Bostrom, and a resident of Kiowa, Colo., for 40 years, died Sunday at a Colorado Springs Nursing home. She had been a resident of Colorado Springs for two years. Her death came exactly two years after the death of her husband.

Mrs. Bostrom, who was 70, was born in Denver. She is survived by a son, Warren Bostrom, 210 E. Jefferson St., Colorado Springs; grandchildren, Judith, Stephen, Sandra and Gary, Colo. Springs; a sister-in-law, Mrs. Anna Lindblom, Chicago; brother-in-law, Emil Bostrom; Elizabeth, Colo.; an uncle, Carl Swanson, Sweden; nephews, Louis Davies, Kiowa; Norman Bostrom, Elizabeth, Colo.; and nieces, Fern Wesswick, Canon City, and Mrs. Janet Messer Schmidt, Bethesda, Md.

Funeral services will be held at 1:30 p.m. Wednesday at the Kiowa Presbyterian Church. Burial will be in Memorial Gardens, Colorado Springs. The Howard Mortuary of Denver has charge of arrangements.

## Widefield Commencement Slated Tonight

Fred A. Sondermann, associate dean of Colorado College, will deliver the commencement address at Widefield High School's graduation exercises at 8 p.m. tonight.

Seventy-three graduating seniors will hear Sondermann speak on the "Challenge and Opportunity" that awaits them as they prepare for life after high school. Bruce Chidister will be valedictorian and Sharon Loveless and Donna Holzinger will be co-salutatorians.

Principal Robert Poole will present scholarships to the seniors who have won them.

## Supreme Court Will Decide on Pipeline Case

STORRS, Conn. (UPI) — Too often homeowners are apt to select a shrub for planting on the basis of flower color or flower fragrance, reports Rudy Favretti, extension home grounds specialist at the University of Connecticut. In selecting shrubs, the expert suggests choosing those that do something throughout many seasons of the year. Some shrubs, for example, are attractive only when they are in bloom but have little appeal the rest of the year.

U.S. Dist. Judge Willis W. Ritter of Salt Lake City ruled on Nov. 20, 1962, the merger was legal. It took place Dec. 31, 1959.

Another facet of the case was in the supreme court last term. The court ruled that the Federal Power Commission should not have approved El Paso's acquisition of Pacific Northwest's assets while the antitrust case was pending in court.

The Justice department contended that the merger would substantially lessen competition in gas exploration and production.

At the time of the merger, El Paso operated a 6,700-mile pipeline system. It sells gas for consumption in Salt Lake City and surrounding areas through its subsidiary, Utah Natural Gas Co. The great bulk of its product goes to California, Nevada, Texas, New Mexico and Arizona.

"Their problem is that they do not agree with its views."

The ACA's purpose, he explained, was "solely to honor those who, ACA believes, have acted to preserve the integrity of our Constitution."

The absence of Keating from the list was unexpected. The awards are made every two years. In 1961 he received the ACA's nod, but his voting percentage on the key issues which figure in the organization's computation must have slipped, despite his part in bringing out the Cuban mess.

Far more Republicans were honored than Democrats. The breakdown was 15 GOP senators and seven Democrats — all the latter from the South. The House selections were 115 Republicans, 17 Southern Democrats.

**LIST REVEALS SOME CURIOUS OMISSIONS**

The only Southern state to get two Democratic senators on the list was Virginia, with Harry F. Byrd and A. Willis Robertson.

There were many intriguing Northern omissions besides those of the two New York Republican senators. Neither GOP senator from Kansas, considered one of the union's most conservative states, made the grade. Sen. Frank Carlson (Kan.) especially was a curious omission, for while always a close friend of Ike, he

was honored by the ACA to honor him.

## City Will Seek Court Opinion On Land Swap

(Continued From Page One) sacred nature that the council should not be able to convey or exchange a park like any other land in suitable circumstances.

"However, Henry continued, "in view of the general rule being what it is, I cannot give my opinion that it would be legal for the council to authorize the desired exchange of lands. If it is desired to pursue the matter further, my suggestion would be that an appropriate action be filed in court to authorize the exchange or that the matter be submitted to the vote of the people at the next municipal election."

City Council had asked Henry for a legal opinion on the land exchange at the May 14 council meeting.

The city's Park and Recreation Department wants to exchange the area to preserve its scenic beauty so that any private construction or development that might be made on the areas to the west would not appear to be intruding into the Garden of the Gods.

The owners of the property, Paul Hall and Gien Bishop, have agreed to the exchange.

Henry told the council that the city will have to bear the cost of the opposing attorney in the test case.

Mayor Harry Hough speaking for the council, said the case will provide valuable knowledge to use in future such cases.

James Taylor, director of the Park and Recreation Department, told the council at the May 14 meeting that the department is interested in acquiring additional property north of the Garden of the Gods off the 30th Street entrance to it to preserve the vistas. He said at the time that it might be possible to make other property trades to the south of the garden.

## City Will Seek Court Opinion On Land Swap

(Continued From Page One) sacred nature" that the council should not be able to convey or exchange a park like any other land in suitable circumstances.

"However, Henry continued, "in view of the general rule being what it is, I cannot give my opinion that it would be legal for the council to authorize the desired exchange of lands. If it is desired to pursue the matter further, my suggestion would be that an appropriate action be filed in court to authorize the exchange or that the matter be submitted to the vote of the people at the next municipal election."

City Council had asked Henry for a legal opinion on the land exchange at the May 14 council meeting.

The city's Park and Recreation Department wants to exchange the area to preserve its scenic beauty so that "any private construction or development that might be made on the areas to the west would not appear to be intruding into the Garden of the Gods."

The owners of the property, Paul Hill and Glen Bishop, have agreed to the exchange.

Henry told the council that the city will have to bear the cost of the opposing attorney in the test case.

Major Harry Hoth, speaking for the council, said the case will provide valuable knowledge to use in future such cases.

James Taylor, director of the Park and Recreation Department, told the council at the May 14 meeting that the department is interested in acquiring additional property north of the Garden of the Gods off the 30th Street entrance to it to preserve the vistas. He said at the time that it might be possible to make other property trades to the south of the garden.

## El Paso County to Seek Mental Health Center

(Continued From Page One) Keith D. McBurney, chairman of the Board of County Commissioners.

The committee made its decision to apply for the center after studying reports of services for the mentally retarded submitted by private and public agencies.

Dr. M. F. Schaefer, director of the City-County Health Dept., said the reports showed that the majority of services for mentally retarded are available locally thru one or more agencies with the exception of residential care for a client.

Schaefer and other committee members concurred that the community center pilot program would be a step forward in coordinating services and providing correct referral information for clients or parents of clients.

The committee agreed that in the event El Paso County does not receive state approval for the pilot program, an effort would be made on the local level to create a central referral and coordinating service.

McBurney will appoint representatives from two public and two private agencies to go to Denver with him to explain local needs to the special committee, appointed by Gov. John Love, which will allocate special funds for the pilot project.

## Birmingham Desegregation Plea Is Denied

(Continued From Page One) he would be "compelled to order the submission of a desegregation plan."

Despite clear evidence of a segregated school system, Lynne said Super. Theo R. Wright and board members had assured him they stood ready to comply with the law.

"This court will not sanction discrimination by them in the name of the placement law, but it is unwilling to grant injunctive relief until their good faith has been tested," Lynne held.

Adequate time remains before the fall term for the processing of assignment or transfer applications in behalf of interested individuals, he said.

Lynne ruled in the case of James Armstrong's four children. He dismissed from the same suit two other parents and threw out a 1962 suit of similar nature by Rev. T. N. Nelson because their children no longer attended Birmingham schools.

Relying on decisions of the 4th U.S. Circuit Court of Appeals upholding a similar North Carolina law, Lynne held that the Alabama statute must be tested. It has been upheld on its face by the U.S. Supreme Court, which warned it could be unconstitutional.

Judges of the 5th Circuit, which includes Alabama, have never considered the Alabama law, Lynne said.

He said the initiative in integration lies with the pupil, not school authorities. The uncontested evidence, Lynne said, was that no Negro child has sought transfer to a white school "and pursued the remedies afforded by such statute."

Lynne said his course had been staked out by a 1958 decision of a federal judge panel which held the law "furnishes the legal machinery for an orderly administration of the public schools in a constitutional manner by the admission of qualified pupils upon a basis of individual merit without regard to their race or color."

Karl Ross, president of South Suburban Water Company, presented the request to the City Council this morning.

The company plans to make some 46 drillings in the area, and another 14-16 drillings up the canon. It will take approximately one day to complete one drilling.

Water production would start immediately if the test drilling is successful.

## 1,200 Teachers Strike 42 Schools in Gary

(Continued From Page One) but about 300 other teachers crossed them to report to their jobs.

The union set the strike after failing to win recognition from the school board as a bargaining agent.

No incidents were reported as the pickets, wearing black and white armbands, marched around the schools.

The union originally had set the strike for Monday but postponed it 24 hours after Mayor John S. Viscinsky demanded that the five school board members resign or recognize the union.

The state labor commissioner, Hobart L. Butler, was sent to Gary by Gov. Matthew E. Welsh in an effort to settle the dispute.

The union, Local 4 of the American Federation of Teachers, contended it had been recognized by school boards as bargaining agent for its members for 25 years but said the present board had refused to follow that practice.

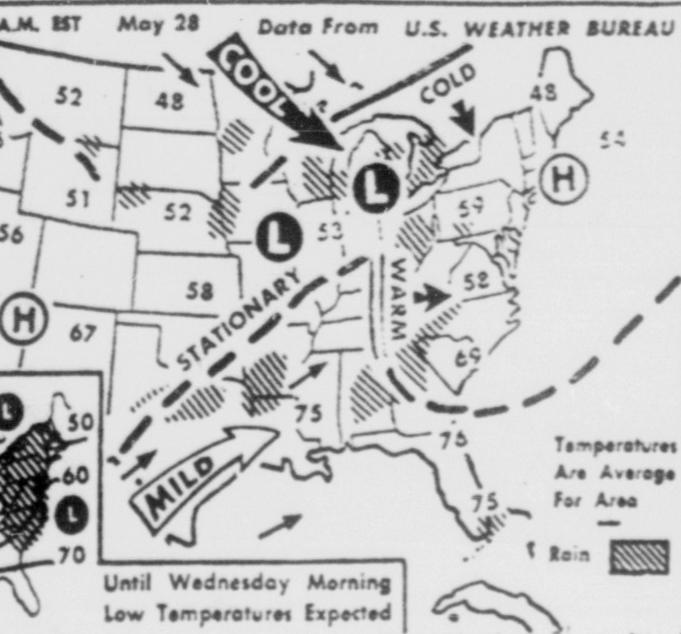

The board members contend an opinion by the Indiana attorney general prohibited them from negotiating a contract with a union but allowed them to discuss salaries with whomever they wished.

The school term is scheduled to end June 7.

## The Nation's Weather

(Report furnished by U.S. Weather Bureau Station at Peterson Field as of 8:30 p.m. yesterday)

Showers and thunder showers scattered across much of the eastern third of the country this morning, highlighted the weather scene. Some of these were accompanied by heavy rains and gusty winds.

General low pressure over the midwest and centered in Michigan along with an accompanying frontal system served to promote the cloudy weather seen that covered many sectors from central Texas and the Mississippi valley eastward to New England and some coastal plains locals from the Carolinas northward remained dry as dawn broke.

Rain and drizzle fell across the western Great Lakes and eastern upper Mississippi Valley area and from southwest Virginia into the western portions of the middle Mississippi valley and thru the central plains.

Rain and a few showers fell from northwest Nebraska into western North Dakota.

The weather was clear across much of the Rocky Mountain states and the Pacific northwest this morning while some rain and an occasional thunder shower developed from central California southward.

Morning temperatures ranged from the 40's and 50's in the north to the 50's and 60's in the south.

Over the Gulf Coast states the upper 60's and low 70's were logged.

Cooler 30's were registered in upper Michigan and some eastern sections of the Dakotas.

## George S. Teats, Local Contractor, Dies at Age 79

(Continued From Page One) and resuscitation crews from Companies 1 and 2 made runs to the residence and an inhalator was used for five minutes, but a physician who had been called pronounced Mr. Teats dead.

For many years he headed the firms of George O. Teats and Sons, but had retired. Although retaining the same name, the business is now operated by his son, Harold S. Teats.

George O. Teats, with his sons, built the North Colorado Springs steam electric plant, the new First Presbyterian Church and Hansen Hall, the First Christian Church, the Fountain Valley School for Boys, was associate builder of the Colorado Springs Fine Arts Center, built the La Fonda and De Vargas Hotels in Santa Fe, N.M., and numerous schools and churches in Pueblo, Rocky Ford, La Junta, Fowler and Alamosa, Colo.

Mrs. Stein was a native of Dennis, Ia. Besides her husband she is survived by a daughter, Maxine Frances Stein, Collier Springs.

For Dennis, Ia. Besides her husband she is survived by a daughter, Maxine Frances Stein, Collier Springs.

Funerals services will be held at 3:30 p.m. Wednesday at the Law Drawing Room. The Rev. Elmer Larson and Centennial Chapter, OES, will officiate. Burial will be in Evergreen Cemetery.

He was a member of the First Presbyterian Church, of which he long served as an elder and trustee, was a member of Tejon Lodge, AF and AM, the Winter Night Club, Knife and Fork Club and Lions Club.

He was born in Montpelier, Vt. Oct. 2, 1883. He had been a Colorado Springs resident since 1935, and became a resident of Rocky Ford in 1937. In 1937 he was married to Emma Kingan, of Manzanola, Colo., who survives him. He is also survived by two sons, Harold S. Teats and George W. Teats, both of Colorado Springs; three daughters, Mrs. Franklin Harrison, Colorado Springs; Mrs. Donald Cough, Pueblo, and Mrs. Matt Sherer, Salina, Kans. A brother, William P. Teats, and a sister, Mrs. Fred Snyder, both of Montpelier, Vt.

Ten Fountain High students have qualified for typing certificates. The typing classes took the competitive typist test printed by "Today's Secretary," a monthly magazine.

To pass a student must type 50 words per minute with no more than two errors for five-minute tests, and not more than five for ten-minute tests.

In Typing 1, Linda Cline passed the five-minute test with 54 words while the ten-minute test was passed by Phyllis Bystrom with 54 words. Diane Kraus, 57 words, and Coretta Gollehon, 59 words.

Diana Heikes with 61 words, and Nancy Weigel, 70 words, passed the five minute test in Typing II. Jimmie Allison passed the ten-minute test with 54 words. Also passing the 10-minute test were Darlene Quigley, 52 words; Kathy Dailey, 52 words, and Nancy Weigel, 59 words.

The journalism class joined with the annual staff for a picnic at the Fort Carson Reservoir on May 10. Most of the fun centered around the volleyball net where the two publication groups competed. Food for the evening was hot dogs, cooked over an open fire, cold drinks, potato chips, and marshmallows.

"Hunk Is a Punk" was presented in the Speech class recently. This one-act comedy concerns seven college co-eds and their problems—boys and studies.

Members of the cast were Phyllis Bystrom, Lena Decker, Pam Roan, Betty Martie, Linda Laughlin, Betty Eikins and Cheryl Decker. The narrator was Don Cockroft.

Landscapes are currently being drawn by the art class. The class has sketched Fountain and Cheyenne Mountain. They took a field trip to the Fine Arts Center Wednesday, May 15, to see the art show.

Candid camera shots and outdoor portraits are the Photography class' assignments. A field trip was taken to Fountain Creek.

The class took portrait shots of each other in a natural setting using natural light.

Elliot Pless, athletic coach from CSU, was the guest speaker at the Fountain-Fort Carson Letterman Banquet held May 20 at the Moors Country Club.

Members of the coaching staff, administration, lettermen and their guests held a social get-together afterward. The emcee for the evening was the Lettermen president, Don Cockroft.

Mike Tracy, senior, who was laid up in the Fitzsimons Army Hospital in Denver, made a surprise appearance at the prom May 11. Mike, recovering from a recent operation, will also be present for commencement services.

TOKYO (AP)—About 550 guests, mostly Americans, refused to leave the swank Imperial Hotel today despite an outbreak of dysentery among the hotel's employees. The hotel has shut down food, beverage and room services.

A hotel spokesman said the number of dysentery cases had reached 78. There were 33 cases reported Monday among the hotel's 1,730 employees.

Among the guests is President Sukarno of Indonesia. An aide said Sukarno won't leave either.

He said the only conclusion that could be drawn was that the ship sank in or near the Straits of Florida. Study of evidence and testimony will continue.

The Marine Sulphur Queen sailed Feb. 2 from Beaumont, Tex., bound for Norfolk, Va. She was a converted tanker fitted with special tanks for sulphur, kept molten by steam pipes.

The testimony dwelt mainly on construction details of the ship and analysis of the debris found some time after she disappeared.

Laboratory reports said there was no indication of any fire or explosion. Specialists testified that molten sulphur is not normally considered dangerously explosive.

The testimony also considered whether there was a structural breakdown. The sulphur tanks were attached to the hull with bolts that slid back and forth to allow for expansion and contraction of the tanks as the temperature varied.

Cmdr. Albert S. Freyola, recorder of the inquiry board, noted that another sulphur tanker, not identified, experienced an "explosive-like report" last June 27 and its tanks bulged about 10 inches on each side.

Witnesses testified that the condition of Marine Sulphur Queen life-jackets found later indicated that some of the men may have left the ship alive. The jackets had been used, they said, and some were torn as if a shark had bitten them.

Thirty-seven witnesses testified here and in Beaumont, Tex.

## Indonesia Reds Back Red China's Policies

JAKARTA, Indonesia (AP) — The largest Communist party outside the Red camp has backed the Chinese hard line in the ideological dispute between Moscow and Peking.

Indonesian Communist leader D. N. Aidit lined up behind China at a party rally Sunday. He denounced Communist Yugoslavia as revisionist. He thus indirectly criticized the Kremlin leadership of Premier Khrushchev, which has moved toward closer relations with Yugoslavia, once the outcast of the Communist world.

The decision of the two-million member party is a major Soviet setback. The Soviets have poured nearly \$2 billion in arms and economic aid into Indonesia to extend its influence.

## Federal Outdoor Recreation Aid Proposed

WASHINGTON (AP) — Spokesmen for the Kennedy administration and conservation groups urged a House interior subcommittee today to approve a federally aided outdoor recreation program.

Secretary of the Interior Stewart L. Udall was the first witness at a two-day hearing on legislation to authorize federal grants to states for planning and land acquisition.

Among others ready to testify for the legislation were spokesmen for more than a dozen recreation, conservation and sportsmen's groups. Most of the witnesses testified earlier this year at a Senate interior committee hearing on a similar bill.

Eleven similar bills before the House interior subcommittee on National Parks call for appropriations of \$60 million annually for 8 years. The \$480 million would get the program under way, with states putting up matching funds.

Udall estimated revenues under the legislation would average \$150 million annually over a 10-year period. Some of this money would be used to repay the \$480 million in appropriations.

Revenues would come from entrance and user fees collected at federal recreation areas, from the sale of federal surplus properties, and from the existing 4 cents a gallon tax on gasoline and special motorboat fuels.

Udall said the legislation, if passed, "will go down in history as one of the major pieces of conservation legislation of the 1960s."

"I took the car for a spin. It spun over three times."

## Southerners May Be Shocked Again by JFK

By LYLE C. WILSON  
United Press International

Southern senators who professed shock at President Kennedy's first special civil rights message to Congress may as well be shocked again this year. His first civil rights message went to Congress on Feb. 28.

The first message went up last February.

The message was strong enough to shock Southern senators but not strong enough to keep the Negroes happy nor adequate to meet a developing situation, such as riots in city streets. So the Kennedy administration now is thinking in terms of more and stronger laws. Perhaps even in an all-out proposal for laws making good on all 1960 campaign promises. Either way, Southern Democrats are likely to be shaken up again.

There are hints that Kennedy's New Frontiersmen in the 87th Congress happily may pick up Section 3 of the 1967 omnibus civil rights bill. The 1967 Senate killed section 3 after

This bill was to make good on a blaze of Southern protest. The civil rights promises in the protest was against two provisions. One would have spelled out form. The 1960 Democratic bid authority for a president to call for Negro votes promised just out the Army, Navy and National Guard to enforce any or all of could wish for in the way of legislation of 20 civil rights. The legislative or administrative action other provision would have provided, of course, that the Justice Department Democrats won

to defend all of those rights by Kennedy and the Democrats civil proceedings in the federal made it. The New Frontiersmen introduced their bill and Kennedy refused to support it. This shocked the New Frontiersmen. Kennedy's strategy was to avoid But there was much more a legislative battle over civil rights to leave Congress free to act — if it would — other parts of his program.

Despite lack of congressional action, Negroes appeared to be A-bomb, no less happy, however, with the Kennedy administration's civil rights. ## Secret Recording Is Upheld by Supreme Court

WASHINGTON (AP) — The Supreme Court upheld today the use of secret recordings as evidence in a tax case growing out of operations of Clauson's Inn at North Falmouth, Mass.

The tax agent used an electronic device hidden on his person.

The decision was given on an appeal by German S. Lopez, who was convicted of attempted bribery of an agent in a tax case involving operations of Clauson's Inn at North Falmouth, Mass.

Justice Harlan delivered the 6-3 decision. Justice Brennan wrote a dissenting opinion, joined by Justices Douglas and Goldberg. Chief Justice Warren wrote a separate opinion concurring with the result reached by the majority.

Lopez was convicted on three counts of a four-count indictment charging attempted bribery of tax agent Roger S. Davis in October 1961. The three counts charged Lopez gave Davis \$200, promised \$200 to the agent, and promised an expense-paid weekend for Davis and his family at the inn. Lopez was acquitted on the fourth count charging he gave Davis \$420.

Purpose of the attempted bribery was alleged to be to influence Davis to conceal sales and receipts and any cabaret tax inn. Lopez was sentenced in federal court in Boston to one year in prison.

General Foods Corp. announced today it is boosting by about 5 per cent the wholesale price of its products which have sugar as a major ingredient effective immediately.

Part of the price increase is expected soon to be passed on to the consumer at the retail level. Products affected are gelatin desserts, puddings, prefillings and syrups.

And the even more cautious ones are warning that the much touted economic indicators have been wrong before. A year ago they were pointing toward a possible recession. It didn't develop. Now they are pointing toward continued and accelerated growth. Will they be right this time?

Much of today's optimism about the stock market centers on the performance of popular stock averages. These chart the movements of selected stocks held to be indicative of the market as a whole. Most of these popular guides have recovered all of the loss since last May and many are at or near new highs. Most set their previous highs in December 1961 or January 1962. They had been in a long slide before the May crash.

But many of the individual stocks in the popular averages had hit their highs well before December 1961 peak. And some of them are selling below these peaks today.

Losses in soybeans had run to two cents a bushel and wheat was off a cent or more in spots. Other grains eased as much as major fractions.

Brokers said the offerings in soybeans appeared to have reflected fear that exports last week might have been down somewhat from other recent weeks. Favorable crop news also is believed to have been a bearish factor.

Wheat trade included an increase in edge selling which traders said indicated more of the new crop going into commercial channels than had been expected.

CHICAGO (AP) — Selling pressure became moderately heavy in grain futures shortly after noon today and the market turned generally weak on the Board of Trade.

## Fire Engines May Reach Berlin Suburb

BERLIN (AP)—The way was open again today for fire engines to reach the tiny West Berlin enclave of Steinstuecken.

The community of 183 people belongs to the American sector, but is surrounded by Communist territory. The only access is along a narrow road  $\frac{1}{4}$  of a mile long, strictly controlled by East border guards.

Last week the Reds added rows of steel rails stuck upright in the ground to the barriers sealing off the road and community from East Germany.

The West Berlin city government expressed alarm because the obstacles did not allow big vehicles such as fire engines, ambulances and food delivery trucks to get through.

West police reported today that Red border guards uprooted the rails with a mobile crane and replanted them farther apart.

Ross Hunter returns to London to check on "Chalk Garden" Dame Edith Evans calls him "Dad," and he's in solid with Hayley Mills. Sybil Connolly, Ireland's top designer, joins him over there to discuss the Chalk collection she's done. Deborah Kerr will pose in the clothes against the white cliffs of Dover ... Hunter also throws an opening night party June 24 for Jan Sterling, who's starring opposite Michael Gough in "Who, What, Where and When" on London stage and plans to sign Maurice Chevalier for Sandra Dee's grandpa in "Richest Girl in the World." He wants Andy Williams for the same picture, and George Hamilton if he's free.

Ralph Bellamy moves back into his beautiful Beverly Hills home which formerly belonged to Jerome Kern this fall. Expects to live here a long time since he's starring in "The Eleventh Hour." Well, he's got a happy home to have been trained by Hedley

Vivian Edwards to act as a precision parade platoon and obey such orders as, "Parade... mus . . . about turn . . . half." The birds are drilled twice a day for visitors to the gardens and Edwards advises his audiences to be generous with their praise, because the more applause the birds hear, the harder they work. He started training his bird platoon when they were four months old and worked with them a year before they appeared in public.

## Governor Blasts Proposal for Disaster Area

By BARRY CULVER  
OKLAHOMA CITY (UPI)—Republican Gov. Henry Bellmon today refused to declare the drought-hit Oklahoma Panhandle a disaster area.

He said losing one crop is not a disaster and farmers should learn Harper and Ellis counties as a "disaster" area.

Bellmon, who last week praised farmer rejection of the federal wheat program, said, "Farmers have to prepare for drought as a part of doing business in western Oklahoma."

The governor himself is a wheat farmer in Noble County. He stores feed in good years to help him through such as this.

The governor replied to a letter from Wayne Q. Wessell of Atoka, chairman of the state USDA Disaster Committee, with headquarters at Stillwater. Wessell had asked the governor to designate Cimarron, Texas, Beaver, Woodward,

disaster and farmers should learn Harper and Ellis counties as a "disaster" area.

Much of the area's wheat froze out last winter, and drought this spring has retarded wheat, feed crops and grass.

Bellmon said if the counties were declared a disaster area it would open the way for farmers to use soil bank land for grazing, plant on idle acres and eligible for crop subsidies.

## Governor Blasts Proposal for Disaster Area

By HARRY CULVER  
OKLAHOMA CITY (UPI)—

Republican Gov. Henry Bellmon today refused to declare the drought-hit Oklahoma Panhandle a disaster area.

He said losing one crop is not a

disaster and farmers should learn to store up in the fat years to take "disaster" area.

care of themselves in lean periods without help from the government.

Bellmon, who last week praised farmer rejection of the federal wheat program, said farmers have to prepare for drought as a part of doing business in western Oklahoma.

The governor, himself a wheat farmer in Noble County, said he stores feed in good years for times such as this.

The governor replied to a letter from Wayne Q. Winsett of Altus, chairman of the state USDA Disaster Committee, with headquarters at Stillwater. Winsett had asked the governor to designate Clarendon, Texas, Beaver, Woodward,

Bellmon said he had given the request careful thought. "And I don't think this is anything like a disaster."

## 'Condition' for India Blasted By U.S. Expert

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—A U.S.

foreign policymaker said today that nothing would be more stupid than for the United States to force India to break with the Soviet Union as a condition for obtaining U.S. aid in its stand against Red China.

Soviet Premier Khrushchev, from the U.S. point of view, is caught on the horns of a dilemma

between India, as his friend, and Red China, as a Communist nation, and the United States should do nothing to help him, it was argued.

This perspective on the Chinese-Soviet split was developed by officials speaking today at a background meeting of representatives of organizations of private citizens interested in foreign affairs.

The rule laid down for news coverage was that points made by the speakers could be reported but individuals could not be identified in relation to what they said.

The split in the West around basic policy differences between President Kennedy and President Charles de Gaulle of France was pictured as a setback to hopes for increasing Western unity but not as a fatal blow.

Informants said that De Gaulle wants to break up close command relationships which exist within the North Atlantic Treaty Organization and to have a looser military defense arrangement. But they denied that he wants to break the alliance itself—the

treaty commitments of the United States to defend Europe.

The wide-ranging foreign policy of the United States to deal successfully with the recent elections, may mean the development of a more vigorous democracy there. A period of policy controversy is inevitable, but controversy and change are normal in a healthy democratic system.

## Friendly Attitude Urged For Summer Visitors

A Town Hall meeting to break fast was held at 7 a.m. this morning at the Arden's Hotel. George Long, a noted public speaker by the Chamber of Commerce, who emphasized the point that most people spend their money at establishments which treat them in a friendly manner. He said that retailers must have a positive attitude in dealing with customers and must be courteous and polite.

John Hafka, the master of ceremonies, introduced several speakers, the first being Bryan Long, a noted public speaker by the Chamber of Commerce, who emphasized the point that most people spend their money at establishments which treat them in a friendly manner. He said that retailers must have a positive attitude in dealing with customers and must be courteous and polite.

Hafka said that two million tourists spend \$8 million dollars in the Pikes Peak Region each year. He said, "Don't let it be your fault if they don't spend money here."

Other speakers at the breakfast session Jim Taylor, supervisor of the Parks and Recreation Department, talking about the attractions of the Garden of the Gods; Frank Sanborn, assistant superintendent of the Pikes Peak Highway, who said that residents should encourage tourists to go to the top of Pikes Peak; and Ed Holland, manager of Seven Falls, who told the audience about his tourist attraction.

City Council today approved a resolution authorizing City Clerk Treasurer Robert F. Parker, to invest approximately \$15,000 of Cemetery Endowment Funds in FHA Insured Mortgages.

The resolution was made after recommendation of the Special Finance Advisory Committee.

City Manager John M. Berry in his annual report to the council included these reports from city departments:

The Harrison Home Demonstration Club held its fourth annual Bicycle Safety Day for the elementary students of District 2 Monday. The program was held in conjunction with Field Parker.

This compares with \$1,670,314.96 at the end of March 1962.

Members of the club register at the end of February and \$1,670,314.96 at the end of January each year to determine the student's knowledge of safety rules and laws.

Commissioners emphasized that the resolution, if passed, would not be retroactive but would affect plots of record now in existence.

Dan Flynn said the commissioners participated in a public hearing Monday individual versus central sewer days called by the Board of County Commissioners to discuss a pro-sous clay soil. He said it has been proposed zoning resolution which established that contamination would require a central sewage travels thru the ground and that and water system in all future in actuality the resolution is only residential developments with less lessening the problem by increasing the acreage.

The commissioners took the matter under advisement after hearing the majority of the residents commend the proposal.

Several people suggested that the resolution need further study before passage particularly as it relates to appraised plots now under development.

Dr. W. W. Cogswell, representing the Woodmen Valley Group Assn., said they had tried but failed to get a similar regulation in an effort to protect against contamination.

According to information from the City-County Health Dept. some contamination has been detected in the Woodmen Valley area as well as Black Forest, Falcon Estates, Fountain and in some farming areas. Officials attribute the water pollution to the ineffectiveness of septic tanks.

Several Woodmen Valley residents spoke in favor of the zoning resolution.

G. Clark, 1318 E. San Rafael St., associated with the Springcrest Addition, said that special calls for two-and-one-half acre tracts and the proposed resolution adversely affects the area. He asked special consideration for individual sewer systems of the commission to pass the resolution.

Clark said soil conditions in the Springcrest Addition is such that individual sewer systems would be safe.

G. W. Hunsicker told the commissioners that a blanket rezoning of this type does not allow consideration for soil conditions which vary considerably throughout the county.

## County Residents Commend Tract Sewage System Plan

Some of 35 county residents participated in a public hearing Monday called by the Board of County Commissioners to discuss a proposed zoning resolution which established that contamination would require a central sewage system in all future in actuality the resolution is only residential developments with less than five-acre tracts.

The commissioners took the matter under advisement after hearing the majority of the residents comment the proposal.

Several people suggested that the resolution need further study before passage particularly as it relates to approved plats now under development.

Dr. W. W. Cogswell, representing the Woodmen Valley Group Assn., said they had tried but failed to get a similar regulation in effect to protect against contamination.

According to information from the City-County Health Dept., some contamination has been detected in the Woodmen Valley area as well as Black Forest, Falcon Estates, Fountain and in some farming areas. Officials attribute the water pollution to the ineffectiveness of septic tanks.

Several Woodmen Valley residents spoke in favor of the zoning resolution.

G. Clark, 1318 E. San Rafael St., associated with the Springcrest Addition, said that plat calls for two-and-one-half acre tracts and the proposed resolution adversely affects the area. He asked special consideration for individual sewer systems if the commissioners pass the resolution.

Clark said soil conditions in the Springcrest Addition is such that individual sewer systems would be safe.

G. W. Hunsinger told the commissioners that a blanket resolution of this type does not allow consideration for soil conditions which vary considerably throughout the county.

## Local Men Are Commissioned At CSC Sunday

Three Colorado Springs residents were commissioned second lieutenants in the Air Force and one resident was commissioned in the U.S. Marine Corps Sunday at commissioning ceremonies at Colorado State College.

The three new Air Officers are Philip L. Metzler, 102 W. Brookside, who will be assigned to the Aircraft Maintenance Officer course at Chanute Air Force Base, Illinois.

William C. Hoffman, 1431 W. Chestnut, who will take pilot training at a base as yet undetermined.

Thomas A. Wills, 2603 E. Willmette, who as yet has no assignment.

Commissioners received a petition from residents and business owners and held a public hearing Monday before changing their efforts of the Parents Association to which every objection was received by the student at St. Lawrence.

The county planning engineer's aim is to help parents to understand street numbers stand the aspirations and activate with U.S. Post Office officials ties of the University and to participate in the affairs of it and their children.

Alabama Street, now an extension of Hancock Avenue, consists of six blocks between Fillmore Street and Nichols Boulevard, Nebraska.

### Safety Day At Harrison For Bicycles

Dan Flynn said the problem of individual versus central sewer system boils down to sandy versus clay soil. He said it has been proposed zoning resolution which established that contamination would require a central sewage system in all future in actuality the resolution is only lessening the problem by increasing the acreage.

"The contamination danger will be just one-half as much in a five-acre tract as it has been in smaller tracts," said Flynn.

Commissioners emphasized that the resolution, if passed, would not be retroactive nor would it affect plats of record now in process.

Representatives of the El Paso County Sheriff's Office check the mechanical safety of the bicycles and members of the Stratton Meadows Volunteer Fire Department make minor repairs.

Reflector tape, which is provided by the District 1 School Board is applied to each bicycle for safer night riding. Every child successfully completing the course is also given a registration card with a complete description of his bicycle to aid in recovering it should it be lost.

Bicycle Safety Day has been conducted each year since 1960 by members of the Harrison Home Demonstration Club as a part of their continuing program to promote safety among students of the district.

The club has given Safe Driver Awards as well as establishing a Safe Drivers' Club.

## Law Discussed by Rampart Club At Round Table

The meeting of the Rampart Club was opened Wednesday morning, with an inspirational thought by Mrs. F. R. Moore. Mrs. A. S. Lilly, greeted the group and Topicmistress Mrs. N. J. Bruno led the group in a round table discussion of the day's theme which was "law."

Topicmistress Mrs. Wilson Summers III introduced the speakers for the program. Mrs. J. J. Lowrey gave an interesting background on Hummel figurines, with Mrs. W. K. Foster giving a background on law. Lexicologist Mrs. B. J. Ellis led the group in a word study. Evaluations of speeches were made by Mrs. W. F. Blaylock, Mrs. G. W. Schmal and Mrs. R. T. Crosland.

At the business meeting, the president, Mrs. C. E. Monnett appointed Mrs. Lilly to act as Regional Representative at the Council meeting in Boulder on Saturday. Also, the slate of nominees to be voted on at the next meeting was presented by the Nominating Committee.

Next meeting will be held Wednesday morning June 12, at Ent Air Force Base Skyline Club.

### Meeting Calendar

#### WEDNESDAY

Mrs. Edith Williams, vice chairwoman of the Colorado Young Republican League, will speak to members and guests of the Republican Women's Roundtable during a luncheon at noon Wednesday at the Stagecoach Inn in Manitou Springs.

There will also be a white elephant sale. For reservations call Mrs. John Torrence, 685-5747; Mrs. Edna Black, 682-4850; or Mrs. Don La Mora, 685-3931.

Army Air Defense Command Officers' Wives Club are planning a morning breakfast at the Skyline Officers' Club, at 9:30 a.m. Officers for the '63-'64 term will be elected.

Social and economic issues at 1:30 p.m. Wednesday at the home of Mrs. Robert Dunlap, 16 E. Columbia; J. K. Galbraith's "Dear Heloise":

I save all vitamin bottles. They are usually quite decorative. Especially when the labels are washed off.

When I open a jar of pickles, catsup, chili sauce, or jam I fill these large pretty vitamin pill bottles and set them directly on the table.

By using these pretty jars I do not have to fill (and empty) a lot of extra dishes. One can just put the lid on them and set them in the frig until the next meal!

When the morning just rinse it with water and wash as usual. It cleans like magic. —Mrs. Burdize

It works! —Heloise

Dear Heloise:

I keep a piece of mashed charcoal in my potted plants. This keeps the soil from turning sour —Pat

Ladies:

And having lived in both China and Japan . . . I learned while trying to grow my own Bonzi trees that both countries always put charcoal and big rusty nails in these potted plants! It has something to do with the iron.

Not speaking fluently in these languages, I never did absorb it all. It got to where I stuck rusty nails in the soil of any potted plant.

It might have been climatic conditions but they sure grew. —Love, Heloise

Dear Heloise:

I would like to mention (for what it's worth)—when we had a carpenter in our home one day we had him cut out a small round hole in our bathroom floor under the wash basin. This job took no time at all.

In this hole I inserted a lattice

## Road to Ruin

### In Dunce Primer

MONTICELLO, Ill. (UPI) — Students at the Monticello College for women know what it takes to flunk.

W. F. Starkey, the college's director of information, prepared what he called "a guide for college freshmen," to be used only if the girls want to fail.

Starkey's list of things to do led off with "classes," which he said, "the women should attend as few as possible. This will give you more time for such all-important character-rounding activities as bridge, beer drinking and sleeping."

Second on Starkey's list was "books," which he advised, "don't open any more than is absolutely necessary because unused text books bring a higher resale price at the end of the year."

"Cars" were third. Starkey said automobiles on the campus "will provide transportation for week-night dating . . . and a means of escaping from the daily grind of classes."

Starkey included "pranks" on the college president's office in beautiful colors, or do this to the alma mater statue, or better yet, pour detergent in the fountain or swimming pool."

Starkey said of "organizations," join as many as possible, and "do a good job in these organizations and don't let studies interfere."

## Local Poets Win Awards In Denver

Four Colorado Springs poets, members of the Poetry Fellowship, and two Pueblo members of the Fellowship won prizes at the annual banquet of the Poetry Society of Colorado in Denver recently.

Placing the state poetry society's yearly contests were Elizabeth Shafer, Myrtle Chance Allen, Mildred Edgar, and Rae Cross, all of Colorado Springs, and Margaret Davis and Norma Larrabee of Pueblo.

Miss Shafer won a first prize for her poem, "Split Infinity," and placed first in the Shakespearean sonnet contest for her poem titled "For E. R., 1882-1962." She received honorable mentions for poems in the categories of "The Joyful One" and "I Have Loved Homely Things." The latter contest is sponsored by the Colorado Springs Poetry Fellowship honoring its founder, Nellie Burger Miller.

Mrs. Allen was awarded a first prize for her light verse, "The Fair Sex." She received third prize for "Wash Day Cirrus-Cumulus" and won honorable mentions for her Petrarchan sonnet, Shakespearean sonnet, and Spenserian stanza.

Mrs. Edgar won first place for her poem, "Sappho," and received second prize for her "Small Traveler" in poems about children. She won third place for her roundoue, "The Conqueror of Sleep," plus honorable mention for "Old Fashioned Teacher."

Mrs. Cross won second in light verse for her poem, "Heavy Light Verse." She was awarded an honorable mention for her poem, "Glamour Leaps Out."

Mrs. Davis, Pueblo member of the Colorado Springs Poetry Fellowship, won second prize for her roundoue, "Alas, Alack!" Mrs. Larrabee, another Pueblo member of the local group, creed first prize for her juvenile poem, "The Puzzle." She was also awarded honorable mentions for poems in the categories, "My Son" and "I Have Loved Homey Things."

Mrs. Edgar, Mrs. Allen, Mrs. Davis, Mrs. Larrabee, and Mrs. Miss Elizabeth Mitchell, of the Poetry Fellowship, and Mrs. John Wylie, president of the Pikes Peak Branch, National League of American Pen Women, Mrs. Wylie served as a judge in the contests.

DEAR ABBY: I have one of those husbands with a dual personality. One day he's an angel and the next day he has horns. I call him "Dr. Jekyll and Mr. Hyde." I am a nervous person with four children who are all live wires, so between the five of them it's a wonder I'm not in a mental institution. His biggest fault is his loud mouth. When he gets angry, he shouts. It's not bad in the winter because we keep our windows closed, but I dread summer because when he yells the windows are wide open and the whole neighborhood can hear him. We live in a subdivision and the houses are on top of each other. I've threatened to have the whole house air-conditioned and seal the windows. Only I can't afford it this summer. Can you tell me how to control this loud-mouthed man of mine? —GOING TO PIECES

DEAR GOING: You're lucky. Some women are married to men who have only "one" personality. And it's always "Mr. Hyde." Catch him when he's "Dr. Jekyll" and tell him how his shouting embarrasses you. Promise to try hard not to provoke him into such outbursts. Every wife knows which subjects trigger a tantrum in her man. You need only to keep him happy to keep him quiet.

CONFIDENTIAL TO "Mrs. A.":

About and during the time you catch up with "The Joneses" — they've re-

duced identical scores in the final session, but a careful recalculation of their carry-over totals going in revealed that Shodor and Kay were actually a minute fraction ahead to your letter, write to toe ahead, and they were de-

clared winners.

One of the most colorful hands from this event came up during one of the qualifying rounds and is presented here. The pair seated North and South fulfilled a doubled contract of six hearts with a distinct minority of the to-

ner to five clubs.

East opened the bidding with one diamond and South, whose assets were primarily distributional in nature, decided to muddy up the waters a bit for his opponents by making a preemptive bid of three hearts. West came in at the end.

In the post-mortem discussion it

was suggested that West should

## Overnight Show Business Success Noted

By BOB THOMAS  
HOLLYWOOD (AP)—Tony Bill is a refreshing challenge to the contention there is no such thing as show business as an overnight success.

A year ago he was on the brink of graduating from Notre Dame, wanting to get married but undecided about his future. He had virtually completed two full courses at the university—in English and art—and he had been invited back for further study.

He was asked by a professor what he really wanted to do in life.

"I think I want to be an actor," said Tony, who had performed in every school play he could get into.

The professor wrote a letter of recommendation to film director Leo McCarey, whom he had once met. Tony followed up with a visit to Hollywood—his first, although he grew up in San Diego, 130 miles away.

McCarey was impressed and called the top man at the William Morris talent agency.

"I was handed down through echelons until I came to an agent who talked to me," Tony recalled. "Within 15 minutes I was in the office of Norman Lear and Bob York to discuss playing Frank Sinatra's brother in 'Come Blow Your Horn.'"

Tony Bill, who had never acted outside of school, found himself playing a leading role with such pros as Sinatra, Lee J. Cobb and Mollie Picon.

Now the producers are knocking at his door. He is set for "The Carpetbaggers"—a small part, but that's all right with me; I want to learn." Then he goes into "Soldier in the Rain," in which he is killed below Jackie Gleason and Steven McQueen.

How does all this feel?"

"Great," said Tony, a dark-haired, thin-faced, personable 22. "At least I like everything about it so far. In a few months when people start recognizing me, I may feel different about it."

His success solved one problem getting married. Last December he married Toni Gray, a Hammond, La., girl whom he met while she was attending St. Mary's College near Notre Dame. Yes, that makes them Toni and Tony Bill, but he is not concerned.

"It doesn't confuse us," he said. "And whoever calls us on the phone knows which Tony he wants to talk to."

## Siamese Twin Rodney Brodie Dies at Age 11

FERRIS, Ill. (AP)—Rodney D. Brodie, who was separated from his Siamese twin brother in a historic operation more than a decade ago, died Sunday at his home at the age of 11.

His grandmother, Mrs. Will Brodie of Burnside, Ill., said the boy had been in a slow decline for about eight months.

Dr. J. D. Trotter of Carthage, Ill., who treated the boy, said death was due to an abnormal condition existing at birth, but inability to swallow food was the immediate cause.

Rodney and his brother, Roger Lee Brodie, were joined at the head when they were born Sept. 16, 1951, at Rock Island, Ill. They were separated in an operation at Chicago Research Hospital when they were 15 months old.

Roger Lee died several weeks after the operation.

## Singer Dinah Shore Weds in Redlands

REDLANDS, Calif. (UPI)—Television star Dinah Shore was married Sunday to Palm Springs, Calif., contractor Maurice F. Smith—only two days after the blonde singer picked up the final divorce papers from her first marriage.

The wedding, attended by Miss Shore's two children, was as much a surprise to her friends in Hollywood as her separation from actor George Montgomery in December of 1961.

The couple refused to say where they would honeymoon, but Smith said they probably would spend a week driving through northern California.

The quiet civil ceremony was performed at the home of Superior Judge Joseph Ciano here. Besides Miss Shore's children, Melissa Ann, 15, and John David, 18, others attending were Smith's two sons, Dexter, 12, and Dana, 5.

Melissa Ann was maid of honor and Dexter was the best man. "I hadn't thought of getting married this soon," the 45-year-old singer said, "but it was a woman's prerogative to change her mind."

The citizens of Redlands, a progressive, nonconformist people, have a sense of humor—the yellow pages, which accompany the newspaper, are their book.

## How to Keep Well

By DR. T. R. VAN DELLEN  
10416: By the Chicago Tribune

To the best of our knowledge, no treatment is available for the prevention of disease. Persons who have been diagnosed as having a particular disease should consult their physician. Telephone inquiries not accepted. Dr. Van Dellen will answer questions on medical topics.

THE ADRENAL STEROIDS  
We can thank Dr. Philip S. Hench for his conviction that the reason arthritis improved during pregnancy or when unaccustomed was because a special substance was produced in the adrenal glands in these conditions. This adrenal hormone is finally called compound E. It was synthesized in 1948 when a small supply became available. Dr. Hench tried it on a patient with rheumatoid arthritis, and the results were unbelievable.

Since then, chemists by juggling molecules have come up with many synthetic corticosteroids which are used extensively in treating various diseases. Among the earlier products were ACTH, hydrocortisone, prednisone, and prednisolone. Since then, we have had desoxycorticosterone, triamcinolone, and others, under numerous trade names. They vary in their ability to suppress inflammation and to alter metabolism. In addition, they differ in the duration of activity and in absorption from different sites such as the eye and skin.

These steroids are of specific value when the adrenal glands become sluggish, leading to a variety of conditions such as Addison's disease. They are also used when the gland is subjected to overwhelming stress because of injury, burn shock, or infection. The products also are useful in treating conditions unrelated to the adrenals. These include rheumatoid arthritis, rheumatic fever, bronchial asthma, and a variety of acute allergic and inflammatory eye conditions, and acute and chronic skin disorders. In general, the good results are temporary except when the body cooperates by healing the defect while undergoing treatment.

The medical profession has considerable respect for corticosteroids. Their continued usage is associated with many side reactions such as the tendency to accumulate fat, which leads to a buffalo hump at the neck, facial puffiness, acne, and the deposition of pigment in the skin and nails. Women may grow unwanted hair or lose scalp hair. The blood pressure may rise, and often develops, and muscle weakness becomes disturbing. In some, there are more serious reactions. The majority of these symptoms disappear after the steroid is stopped.

Dr. Van Dellen will answer questions on medical topics if stamped and addressed envelope accompanies request.

**Tongue**  
R. F. writes: We have a case of pellagra so bad the tongue is sore all the time. Is this disease contagious?

No, but a common cause may exist since we are involved. Pellagra is due to a vitamin deficiency that is easily corrected with niacin and a well balanced diet. I assume the diagnosis is correct and there is no contagious infection of the tongue.

**Harder Work**  
G. B. writes: Is it wise to take a job involving hard physical work after age 40? I feel my present job is too soft.

No, if you are healthy. If may take time to make the adjustment but don't change simply because you have developed an obsession about the need for more exercise.

**X-Rays Of Colon**  
R. N. writes: If a patient has no complaints and eats well, how does the doctor determine whether he has diverticulosis?

Through a barium X-ray of the intestine, as part of the routine annual physical checkup.

**Physical Checkup**

**Fluoride For Children**  
A. M. writes: Will tablets containing fluoride retard cavities?

Reply: Yes, so long as they are taken during childhood.

By MRS. BEN GARVER

Graduation exercises held at Woodland Park, May 21, attracted many from this area. Three Lake George students won honors. George Fouke, son of Clyde Fouke, was class salutatorian and won a tuition waiver. He will attend college at Greeley and major in math. Sandra Garver, who was class valedictorian, was awarded a joint honor scholarship, and she also selected Greeley and will major in English. She is the daughter of Mr. and Mrs. Ben Garver. Tom Gilley, son of Mrs. Gladys Gilley, won the annual citizenship award. Wayne Quick, son of Mr. and Mrs. Jim Quick, was also a member of the graduating class.

Mr. and Mrs. Lawson Summer spent the latter part of this week in Salina, Kan., attending graduating ceremonies of their son, Jim, who has been an outstanding student there. He plans to return next year as a counselor.

Mrs. Dorothy Erb was hostess at a covered dish dinner for members of the PEO, of which she has been a member for many years. Mr. and Mrs. Bill Watts and family of Nucla, visited at the Erb home Sunday, remaining while Bill attended to business in Denver.

Mrs. Chey Barnes was hostess to the Help Up Club, May 16, and served a roast beef dinner. Mrs. Rose Spencer was appointed in charge of Gift Star Project as a fund raising plan. A lesson on high altitude gardening was given by Mrs. Nata Snare and Mrs. Luke Madole. Twenty members and six guests, Mrs. Don Falls, Mrs. Ronald Huyseman, Mrs. William Schmitt, Mrs. Bill Smith, Mrs. A. D. Latimer Jr., and Marie Monroe attended. The next meeting will be June 6 at the home of Mrs. Vernon Thatcher.

Jerry and Elmer Achord are building a new home two miles east of Lake George for the Cheeters Toms of Hutchinson, Kan., who will make it their permanent home. Another new home is under construction at 11 Mile Ranch by Art Warling for the Dills of Denver. O. N. Wamsley has nearly completed a building on his property to display his extensive lapidary collection.

The Lake George Community Club is planning to present a variety show in July as a fund raising project. Tryouts were held last Friday night. Everyone is welcome to participate with various types of talent welcome. Mrs. Truman Hightower is in charge.

Mr. and Mrs. Frank Farrell of Denver were houseguests at the Ben Garver ranch this week, attending graduation.

Mr. and Mrs. Wilbur Lewis were business callers to Salida Wednesday.

The Ira Morelands have been more than busy painting and improving their Woodland Park property lately.

Despite a constant threat of rain, very little moisture has been reported in this parched area. A few showers helped settle dust and surely did some good.

Mr. and Mrs. Jim Hughes from Oklahoma are here at their summer home.

The annual SCS meeting will be held at 11 Mile Courts, June 4, at 8 p.m. Refreshments will be served and Dewey Carnahan, a committee member, will be the speaker. The community is invited.

The Ben Garvers visited friends in Rocky Ford, Avondale and Pueblo Sunday.

Mr. and Mrs. Elmer Achord and Steve are leaving on an extensive trip to Canada then down into California.

Calvin Fyler, son of Mr. and Mrs. Earl Fyler, and a senior master sergeant, recently completed a course at the Military Air Officer Academy in Orlando, Fla. Sgt. and Mrs. Fyler and their three children spend his furlough with the Fylers on their Blue Mountain ranch.

**Desegregation Is  
Sought in Theaters**

WASHINGTON (AP) — Atty Gen. Robert F. Kennedy met with a group of theater owners today as part of an apparent administration effort to speed up voluntary desegregation of public places.

Justice Department officials said about 25 theater owners attended session in Kennedy's office.

Among them was James H. Stember, president of the Theater Owners of America, who had announced earlier that he and others had been invited to meet with the attorney general to discuss desegregation of southern movie houses.

The meeting was similar to several held by Kennedy last week in New York with hotel men and other business leaders.

Four sessions of this kind are expected to be held later this week, but the Justice Department declined to discuss the further plans in line with a policy of making no announcements regarding such gatherings.

## Harlem Symbolizes Crux Of New York Race Problem

United Press International

NEW YORK (UPI) — If one word could be used to symbolize the Negro problem in New York City, the word would be Harlem. Civil rights leaders on both sides of the color line agree that the removal of Harlem and all it represents from the face of the nation's largest metropolis would all but eliminate the racial tensions here.

Harlem is considerably more than a community situated in New York's Upper Manhattan. To many Negroes who live there it is less a home than a condition of life, and the name of the condition is poverty. Or, as more than one Negro leader has phrased it, Harlem is "the black man's ghetto."

There are slightly more than one million Negroes living in New York City and they represent about 12 per cent of the city's population. Ten years ago it was roughly 10 per cent and the increase is the result of Negro migration from the South as well as the exodus of the white middle class to suburbia. Since both movements show no signs of decline, the percentage is expected to continue rising.

Nearly 35 per cent of New York's Negroes live in Harlem, and most of the others live in what might be called subsidiary Harlems in other parts of the city.

There is no law enforcing this residential segregation, but to escape from it is almost as difficult here as it is in communities where segregation has the official approval of local governments. And therein lies the difference between the racial conflict in

New York and the one that now is on the rampage in the South. For unlike the South, the civil rights struggle here is not a legal problem.

"New York City and New York state have the most enlightened civil rights laws in the country," says Stanley Lowell, chairman of the City Commission on Human Rights. And Negro leaders would be the first to agree.

New York Negroes have no trouble exercising their right to vote; there are no legal barriers to school integration; the housing crease our awareness of the Negro, both city and state, make gro problem and we must do it illegal for realtors to refuse something about it before it blows up in our faces."

The Negroes in New York have won their battle for legal equality," said Lowell. "Now they are demanding true equality and few minor skirmishes, but these make no mistake about it. They did not originate from racial

problems as such," said Deputy Police Commissioner Walter Arm.

Arm confirms the recent reports that conditions in Harlem and other Negro areas have been more tense and hostile in recent weeks and that police officials are viewing the situation with growing concern.

"I don't know if it's a resentment over what's been going on in Birmingham (Ala.) and other parts of the South or what, but the atmosphere is not good. Not good at all," he said.

By MRS. BEN GARVER

Graduation exercises held at Woodland Park May 21, attracted many from this area. Three Lake George students won honors. George Foulke, son of Orville Foulke, was class salutatorian and won a tuition waiver. He will attend college at Greeley and major in math. Sandra Garver, who was class valedictorian, was awarded a joint honor scholarship, and she also selected Greeley and will major in English. She is the daughter of Mr. and Mrs. Ben Garver. Tom Giley, son of Mrs. Gladys Giley, won the annual citizenship award. Wayne Quick, son of Mr. and Mrs. John Quick, was also a member of the graduating class.

Mr. and Mrs. Lawson Summer spent the latter part of this week in Salina, Kan., attending graduation ceremonies of their son Jim, who has been an outstanding student there. He plans to return next year as a counselor.

Mrs. Dorothy Eno was hostess at a covered dish dinner for members of the PEO, of which she has been a member for many years. Mr. and Mrs. Bill Watts and family of Nodak, visited at the Eno home Sunday, remaining while Bill attended to business in Denver.

Mrs. Chet Barnes was hostess to the Help U Club, May 16, and served a roast beef dinner for members of the PEO, of which she has been a member for many years. Mr. and Mrs. Bill Watts and family of Nodak, visited at the Eno home Sunday, remaining while Bill attended to business in Denver.

Twenty members and six guests, Mrs. Don Fahey, Mrs. Ronald Haysman, Mrs. William Schmitz, Mrs. Bill Strain, Mrs. A. D. Lammert Jr., and Marie Marney attended. The next meeting will be June 6 at the home of Mrs. Vernon Thatcher.

Jerry and Esther Achord are building a new home two miles east of Lake George for the Cheyenne Town of Hutchinson. Jerry and Bill Musk are their permanent home. Achord new home is under construction at 111 Main Street. An application for the Hutchinson Town of New Mexico has been submitted and is now on its way up to the state office of the New Mexico Land Office.

The local League Community Center is holding a great variety show Saturday evening at the Masonic Temple. Tickets were sold and Friday night. Everyone is welcome to participate with various types of talent welcome. Mrs. Truman Hightower is in charge.

Mr. and Mrs. Frank Farrell of Denver were houseguests at the Ben Garver ranch this week, attending graduation.

Mr. and Mrs. Walter Lewis were business callers to Santa Wednesday.

The La Marquants have been more than busy painting and preparing their Woodland Park property lately.

Despite a long stretch of rain, very little moisture has been reported in this particular area. A few showers helped set the dust and kept air nice and good.

Mr. and Mrs. Jim Hughes from Oklahoma are here at their summer home.

The annual SOS meeting will be held at 11:15 a.m. June 4, at 8 p.m. Refreshments will be served and DeWayne Carnahan, a committee member, will be the speaker. The community is invited.

The Ben Garvers visited friends in Buena Park, Colorado and Pueblo, Sunday.

Mr. and Mrs. Fisher Achord and Steve are having an extensive trip to Canada then down into California.

Calvin Flyer, son of Mr. and Mrs. Earl Flyer and a senior master sergeant, recently completed a course at the Military Air Officer Academy in Orlando, Fla. Set and Mrs. Flyer and their three children spent the summer with the Flyer's on their Blue Mountain ranch.

**Desegregation Is Sought in Theaters**

WASHINGTON AP — At Gen. Robert F. Kennedy met with a group of theater owners today as part of an apparent administration effort to speed up voluntary desegregation of public places.

Justice Department officials said about 25 theater owners attended session in Kennedy's office.

Among them was James H. Stember, president of the Theater Owners of America, who had announced earlier that he and others had been invited to meet with the attorney general to discuss desegregation of southern movie houses.

The meeting was similar to several held by Kennedy last week in New York with hotel men and other business leaders.

Four sessions of this kind are expected to be held later this week, but the Justice Department declined to discuss the further plans in line with a policy of non-public announcements by government leaders.

## Sheriff Seeks Checks Signed By Man in Jail

The sheriff's office asked Monday for anyone holding checks signed by James W. Sweet to bring them into the sheriff's office. Sweet, no known address, 30, is being held in county jail for investigation of no account check and violation of the Dyer Act.

Deputy Sheriffs Edward Pakenham and Bob Newman reported that Sweet was picked up in a stolen car by city police. Subsequently the vehicle was found to be from Newport Beach, Calif. Several sacks of groceries, cigarettes and a loan ticket on a pawned pistol and watch were found inside.

According to the report Sweet said "without anyone asking him a question that he was glad he had been picked up, because he has been doing this for two years and wants to stop now."

Further investigation revealed he has cashed, in addition to the present check, a further \$250 since arriving in Colorado Springs. The report says California and North Carolina also want him for the same offense. Sweet said he thinks he has about \$1,600 out in no account checks.

Since 1945 an estimated 450

clear tests have been conducted throughout the world.

More Americans are expected to travel overseas this year than ever before. The U.S. Passport Office has forecast it will issue more than one million passports a year ago.

announces a  
BREAKTHROUGH  
IN WHISKEY  
SMOOTHNESS

It must be tasted to be believed! Today Sunny Brook is made in a new way which completely eliminates roughness and harshness. Sunny Brook now offers finer flavor plus a miracle of mildness and unmatched smoothness.

Whiskey-making, one of the most traditional of skills, has been marked by very few startling break-throughs. But...now...Sunny Brook has broken with tradition. It has made changes in production methods which not only produce finer flavor, but completely eliminate that certain harshness and roughness. It is a great advance in whiskey-making.

You will find in Sunny Brook a superb taste plus a new softness. It must be tasted to be believed, and is milder and smoother than any other whiskey you have ever known. Any way you choose to drink Sunny Brook, you will not detect a trace of harshness. Enjoy Sunny Brook's fine

flavor in mixes, in cocktails or straight. Enjoy this triumph in whiskey smoothness.

Make this your day of discovery. Tonight and taste—mild, mild Sunny Brook.

# Dodgers Faced With Loss of Wills

By MIKE RATHET  
Associated Press Sports Writer

Maury Wills had a great fall, and all the team's medical men have failed to put Maury together again.

That was the problem plaguing the Los Angeles Dodgers today as they faced the indefinite loss of Wills might have to undergo an operation on the joint of the second toe on the left foot. He said if the toe does not respond to treatment, the base-stealing whiz whose bad operation that would sideline him toe is beginning to cause the club for three weeks or more.

### Sheriff Seeks Checks Signed By Man in Jail

The sheriff's office asked Monday for anyone holding checks signed by James W. Sweet to bring them into the Sheriff's office. Sweet, no known address, is being held in County jail for investigation of no account check and violation of the Dyer Act.

Deputy Sheriff Edward Pakeman and Bob Neaman reported that Sweet was picked up in a stolen car by city police. Subsequently the vehicle was found to be from Newport Beach, Calif. Several sacks of groceries, ciga- rettes and a loan ticket on a pawned pistol and watch were found inside.

According to the report, Sweet said "without anyone asking him a question that he was glad he had been picked up because he has been doing this for two years and wants to stop now."

Further investigation revealed he has cashed, in addition to the present check, a further \$250 since arriving in Colorado Springs. The report says California and North Carolina also want him for the same offense. Sweet said he thinks he has about \$1,600 out in no account checks.

Since 1948 an estimated 450 mil-

lion dollars have been collected throughout the world.

More Americans are expected to ever before. The U.S. Passport more than one million passports travel overseas this year than Office has forecast it will issue compared with 900,000 a year ago.

## Gen. Curtis to Act as Aide To India's Radhakrishnan

Brig. Gen. Kenneth I. Curtis of the Army Air Defense Command will serve as United States aide to President Sarvepalli Radhakrishnan of India during a state visit in Washington, D.C., next week.

Gen. Curtis, who is assistant chief of staff, G-3 (Operations and Training), of ARADCOM, served in India as military attache to India and Nepal from 1958 to 1960. On that tour of duty he met Radhakrishnan, who was then India's vice president.

Gen. Curtis will be present for arrival ceremonies scheduled at the White House Monday morning after which he will accompany President Radhakrishnan to the Department of State for lunch with Secretary of State Dean Rusk. Later activities that day will include a visit to Arlington National Cemetery, a reception at the Embassy of India, and dinner at the White House with President and Mrs. Kennedy.

On Tuesday, Gen. Curtis will attend the luncheon to be given at ARADCOM as commander by the president of India, and on Wednesday, departure ceremonies at the commanding general Headquarters, Southwest Pacific.

Now serving his second tour of duty at ARADCOM Headquarters, Gen. Curtis heads the staff section primarily concerned with the nationwide command's liaison officer S-3 of an anti-aircraft Army General Staff.

During World War II, he was assigned to the Southwest Pacific area in the Organization and Training Division as lecturer in Economics, it was announced by Donald King, Administration of the Colorado Springs Center.

Colonel Birkhead, manager of the Greater Kansas City BBB, will moderate the discussion beginning at 3 p.m. Thursday in the Broadmoor Ballroom.

Panelists will include Gerald H. Gould, president, Lee County Land and Title Company, Miami Beach, Fla.; Joe Neff Basore, senior vice president, Cherokee Village Development Company, Cherokee Village, Ark.; F. K. Beirn, executive vice president, General Development Corporation, Miami, Fla.; Nathan K. Mendelsohn, president, California City Development Company, California City, Calif.; Boyd T. Prior, vice president, Horizon Land Corporation, Tucson, Ariz.

Joe B. Birkhead, manager of the Colorado Real Estate Board.

The Thursday afternoon session will also include a report on "Interstate Land Advertising and Selling" and a panel discussion by BBB managers reviewing interstate land questions.

The Association of Better Business Bureaus, Inc., began its 49th annual working conference at the Broadmoor Sunday, and will continue to Friday.

About 150 BBB managers from 65 cities in the U.S., four in Canada, Mexico City and Puerto Rico are attending.

Victor H. Nyborg, Rye, N.Y., is president of the association and is presiding at the conference sessions.

Five major awards to cities associated with the BBB will be presented at an awards banquet at 7:30 p.m. Wednesday at the Broadmoor Dining Room.

The awards and scheduled recipients are Truth in Advertising, New York City BBB; Business Relations, Nashville, Tenn. BBB; Trade Practices Work, Mobile, Ala.; Community Education, Oklahoma City, Okla. ## Retired Army Colonel to Teach Economics

Colonel Joy R. Bogue, USA Ret'd has been appointed to the Colorado Springs faculty of the University of Colorado Extension Division as lecturer in Economics, it was announced by Donald King, Administration of the Colorado Springs Center.

Colonel Bogue was awarded a Masters degree in Economics by Drake University after his retirement in 1958.

Starting on 17 June with other courses in the Summer Session the "Principles of Economics" will terminate on 19 August and will merit 3 hours of undergraduate credit in the University of Colorado.

The course will be taught primarily by lectures and discussion and will provide an academic foundation for those students who wish to pursue further economic subjects in specialization.

It also will have practical aspects to enhance the understanding of economics and its application in the management of personal affairs with economic overtones, such as savings, investments, taxation, consumption, and deficits.

The course is part of the adult education program the University is making available to the people of Colorado.

Further information is available at the University Extension Center at 1105 North Nevada Avenue, telephone number 632-7316.

The "Principles of Economics" course will be given Monday and Wednesday evenings, and will include modern concepts of supply and demand, investment and consumption, banking and the Federal Reserve System, and the problems common to all economic societies, with a brief appraisal of the concepts of Adam Smith, David Ricardo, Robert Malthus, Robert Owen, John Maynard Keynes and others.

Miss Stanton and Miss Hays are students at Colorado State University. Miss Herzberger attends the University of Colorado.

Over 320 college and university students from 49 schools are participating in the trip.

The group will depart from New York

for Europe June 20 and 21. In Eu-

rope the students will split up and

tour four separate areas: Scandi-

navia, the British Isles, Central

Europe and the Romance lan-

guage countries. The col-

legians, all members of People-

to-People, were selected to make

the good will trek on the basis of

leadership, scholarship, lan-

guage study and character.

Miss Herzberger will tour Fin-

land, Denmark, Norway and

Iceland.

The touring group will meet in

Washington, D.C., June 18 for a

two-day orientation session by

government officials before going

abroad. There will be another

week of meetings for the students

in Europe beginning June 3.

Miss Herzberger will attend

orientation sessions in West Ber-

lin, Miss Stanton in Brussels and

Miss Hayes in Dublin. The stu-

dents will return to the United

States August 23.

## BOWLING OXI

### Don Atwell: Rising Star

By CHARLIE DREUX  
Gazette Telegraph Sports Writer

At the age of 20, Don Atwell represents that youthful corps of keglers certain to leave their mark in the state bowling circle.

This amiable young bowler, who is employed by Peak Bowl, has the distinction of being the youngest kegler to participate in the State Bowling Proprietors Association of America Tournament this year.

Atwell averaged 204 for 48 games in that tourney in Denver and missed going to the BPAA All-Star finals in Kansas City by one Peterson point. He placed fifth in the state tourney.

Atwell placed fifth in the local BPAA qualifying tourney and advanced to the Southern Colorado BPAA finals at Trail Bowl. He averaged 198 to place third behind Pueblo's pride and joy Bob Poole and Willie Mauro.

What motivating force drives this native of Colorado Springs to compete in four league per week during the bowling season and make the 70-mile trek to the Mile High City each week to participate in the Classic League at Celebrity Lanes? It's simply entertainment for Atwell and because bowling is his profession.

During his five years of bowling, Atwell has placed in the bowing 186 times. Locally, Atwell won the BPAA tourney in 1961 and placed fifth the next two years running. He won fourth place in the City Tournament this year and placed 11th along with Carl Schissler of the Mile High City Schissler shot 936.

**BPA TOURNEY** — Two teams from Colorado Springs will compete in the state-wide Bowling Proprietors Association Team Handicap Tournament this Sunday in last year's State Masters day at Bowl-Ero in Denver and his team, Collier Lumber.

Atwell, who has rolled 10th Infantry Tempus of Car

two 700 series in sanctioned tournaments this season also participated in the Denver PBA Open and Pro-Am Tournaments.

He has also competed in the Bowler's Illustrated and Bowlers Journal Tournaments and American Bowling Congress Tourney in De Moines. Atwell has also competed in the National Team Handicap Tournament, including their \$1,500 entry fees.

**BOWLING TIP** — Moose Rigdon, bowling instructor at Bowl Mor Lanes, gives this bowling tip: Releasing the Ball — "Do not release the ball until after it has passed your left foot at the foul line."

Reason: "You have two advantages. First, the ball is out on the alley bed where it should be and second, it is in front of you. This gives you a better direction on your target."

**MASTERS TOURNEY** — Colorado Springs was well represented at both the State Tournament and Masters events. Ed Massey, who was voted to the Gazette Telegraph's first All-Star Team, fired a sizzling 712 series to tie

Don Burn of Denver for the top spot in the Colorado Masters Tournament singles division.

Massey, who is stationed at the Air Force Academy, rolled games of 245, 244, and 223 for the high series. Burn put together games of 234, 233, and 235 to equal Massey's 712 series.

Captained by Bingo Sentena, the D&B Sandie Shop took second place in the Masters via 2006. Bill Dreiling Motor of Denver shot the Colorado Springs team out of the saddle for top laurels late Sunday night with a whopping

highest series for four games via 308.

The Masters was divided into two equals of 24 teams apiece and the local area made a clean sweep in the first division taking first, second and third. D&B was in first place followed by Ute Lanes' Lanes' Grill, and Collier Lumber. But the Bill Dreiling team made its accent on the prize money at Monaco Lanes late Sunday night. Sentena fired a 693 series to lead his teammates composed of Ed Chmelinski, Cliff Leach, Bud Weaver, and Dan Rydel.

**STATE TOURNEY** — The Joe Newcomer Finance Team, composed of Harry Ike Eicheberger, Curtis Pete Pettersen, Massey, Frank Jowdy, and Ken Hanselman, won the Team Scratch event via 2006. The local team rolled this score last month and it withstood the scores of 809 teams from throughout the state.

Jim Pee walked away with the All-Events Scratch first place honors with 1963. The Colorado Springs bowler was nipped for first place in the All-Events Handicap by Hube Stewart of Denver.

The Venetian Village Encino team, also of this city, finished in fourth place via 3186 pins in the team Handicap division.

**DREAM TOURNAMENT** — Harry Eicheberger concluded the season with a bang!

This Air Force warrant officer undoubtedly should hold the title of the most prolific kegler in this city. In addition to competing in 26 tournaments, many of which were placed high in the prize money, Ike copper second place in the Seventh Annual Dream Tournament at Varsity Lanes in Denver. Ike shot 928 for four games and finished behind the fast coming

CSU Retires Green's Uniform

FORT COLLINS, Colo. AP — Basketball jersey No. 22, worn by All-American Bill Green, was

retired in his honor Monday night by Colorado State University

Basketball Coach Jim Williams

presented the jersey to the all-school honors program

Green, 6-foot-6 native of Gadsden, Ala., has been drafted by the pro champion Boston Celtics but has not signed a contract.

Green established several school records in scoring last season with 28.6 points per game. He averaged 22.1 points per game in his three-year collegiate career.

Others qualifying are: Ed Roy Forehand downed Patrick Porter, Dave Austin, Marvin Shelton, Joe Holliday, F.

## Gen. Curtis to Act as Aide To India's Radhakrishnan

Brig. Gen. Kenneth I. Curtis of the Army Air Defense Command will serve as United States aide to President Sarvepalli Radhakrishnan of India during a state visit in Washington, D.C., next week.

Gen. Curtis, who is assistant chief of staff, G-3 Operations and Training, of ARADCOM, served in India as military attaché to India and Nepal from 1956 to 1958. On that tour of duty he met Radhakrishnan, who was then India's vice president.

Gen. Curtis will be present for arrival ceremonies scheduled at the White House Monday morning after which he will accompany President Radhakrishnan to the Department of State for talks with Secretary of State Dean Rusk. Later activities that day will include a visit to Arlington National Cemetery, a reception at the Embassy of India, and dinner at the White House with President and Mrs. Kennedy.

On Tuesday Gen. Curtis will attend the luncheon to be given at ARADCOM as commander of the president of India and on Wednesday, departure ceremonies.

Now serving his second tour of duty at ARADCOM Headquarters, Gen. Curtis heads the staff section primarily concerned with the Southwest Pacific area in the Organization and Training Division of the Department for the nationwide command's communications officer. S-3 of an antiaircraft Army General Staff.

During World War II, he served in the Pentagon, where he was assigned to the Southwest Pacific area in the Organization and Training Division of the Department of Defense. R-7 Korean War, he was operations officer for the Army's Air Defense Group, and senior operations officer for the commanding general, Headquarters, Southwest

### Has Work and

### Study Attitude

WALLINGFORD, Pa. (AP) —

Tucked away in the green and

fertile folds of southeastern Penn-

sylvania is a school for adults of

all ages, where a doctor of phi-

osophy may wash windows to help

pay the bills, and the chief sport

is defined as argument about

"everything we can lay our

tongues to."

This school has no formal en-

trance requirements, it gives

neither examinations nor credits

to those who need not be

interested in what it offers.

The emphasis is upon individual

effort of water down the expen-

ses.

This school, or center for study

and contemplation, to use a pre-

ferred name, is called Pendle Hill.

It is run by the Society of Friends

and its students, who need not be

members of any religious denomina-

nations, here by special dispensa-

tion.

Director Dan Wilson supplied

the text for the thinking at Pendle

Hill.

"Above everything else, we try

to slow down the pace, to cut

down on the outside pressures, at

the same time increasing the inner

pressures, the kinds that help us

to become better and wiser than on

his own.
